## ATR ON FEEDBACK

1. Departments were asked to convene more frequent alumni/employers' interaction programmes, especially with alumni working in the subject related areas, to identify the knowledge gap in present day requirements.
2. Faculty were informed of the alumni and employer response and asked them to incorporate suggestions from alumni during university syllabus revision workshops.
3. Information regarding the feedback on general library, college office, canteen etc were informed to the concerned, and asked for corrective measures
4. Teacher feedback by students were sent confidentially to each teacher and ATR on least scored areas were collected back.
5. A link is provided in the college website for anyone to submit grievance and feedback.
6. To improve life skills, value orientation and employability skills, more programs including certificate courses need to be conducted. IQAC will conduct a common certificate course on topics related to environment for all the students.
