First Consultation Report
**CONSULTATION FOR GENDER
AUDIT AT PAYYANUR COLLEGE,
KANNUR UNIVERSITY**

Department of Social Work, St. Joseph's College,
Pilathara, Kannur
15-11-2023

Executive Summary

The Department of Social Work, St. Joseph's College, Pilathara, conducted first consultation on 15th November 2023, with Payyanur College, Kannur University, to initiate a gender audit that aligned with the University Grants Commission (UGC) guidelines. The consultation was a step forward from the previously signed agreement for the collaboration between Internal Quality Assurance Cells (IQAC) in both institutions to establish academic collaboration and co-operation.

The consultation involved key stakeholders, including the Head of Department and faculty members from both institutions. The purpose was to strategize the inclusion of quantitative and qualitative data collection methods, with a potential focus on developing a gender-sensitive model campus.

Background

Gender auditing is crucial for assessing an organization's policies, practices, and procedures, particularly concerning women. The National Assessment and Accreditation Council (NAAC) in India underscores the importance of gender-sensitive indicators and sex-disaggregated data in accrediting educational institutions. The consultation addressed seven major areas identified by NAAC for gender sensitivity assessment.

Items Discussed

1. Curriculum Integration
 - Evaluation of women-related courses/topics across subjects.
2. Teaching, Learning, and Evaluation
 - Analysis of gender-segregated data at UG/PG levels.
 - Participation of women faculty in various academic activities.
3. Research, Consultancy, and Extension

- Examination of women faculty's involvement in research and extension activities.
 - Identification of specific research topics and extension activities related to women.
4. Infrastructure and Learning Resource
- Assessment of facilities for women in hostels, common rooms, toilets, and sports.
 - Availability of women-centric literature in the library.
5. Student Support and Progression
- Disaggregated data on women students receiving scholarships, financial support, and placements.
 - Presence of support services like counsellors, sexual harassment cells, and medical professionals.
6. Organization and Management
- Representation of women in selection/promotion committees and administrative bodies.
 - Details on maternity leave and childcare facilities.
7. Healthy Practices
- Quantification of gender sensitization programs and discussions on women-related themes.

Next Steps

The consultation highlighted crucial areas for the gender audit, emphasizing the need for an enabling approach to women's development within the institution. The proposed data collection methods and potential model campus development will be refined in subsequent stages of the consultation.

This report serves as a foundation for identifying broader thematic areas for gender audit to ensure Payyanur College, Kannur, aligns with UGC guidelines and NAAC standards, fostering a gender-sensitive and inclusive educational environment. Further

collaboration and focused efforts will be taken to collect baseline data of the current demographic and environmental variables, which could be factored into the comprehensive audit.

Second Consultation Report

**DEVELOPING A METHODOLOGY
OF GENDER AUDIT FOR
PAYYANUR COLLEGE, KANNUR
UNIVERSITY**

Department of Social Work, St. Joseph's College,
Pilathara, Kannur
07-02-2024

Executive Summary

Following the first consultation on 15th November 2023, the Department of Social Work, St. Joseph's College, Pilathara, held a second consultation on 7th February 2024, focusing on the development of a robust methodology for a comprehensive gender audit at Payyanur College, Kannur. Key discussions centered around the baseline data of gender-segregated students, faculty and staff, women's participation in activities & decision making and procedural compliance with the Protection of Women from Sexual Harassment Act, 2013. The consultation aligned with UGC directives for equity and inclusiveness in higher education.

Key Points Discussed

1. Gender-Segregated Data

- Detailed analysis of gender-segregated data for students, faculty, and management.
- Identification of disparities and areas for improvement.

2. Women's Participation

- Assessment of women's involvement in various academic and extracurricular programs.
- Evaluation of representation in decision-making processes.

3. Compliance with Sexual Harassment Regulations

- Review of the Internal Complaints Committee (ICC) report.
- Exploration of provisions under the Protection of Women from Sexual Harassment Act, 2013.

4. UGC Directives and Guidelines

- Integration of the 12th Plan directive of UGC emphasizing equity and inclusiveness.
- Adherence to recent UGC guidelines on addressing gender concerns in enrolment, policy, physical environment, and grievance redressal.

Proposed Workshop on Methodology

To ensure a systematic and detailed gender audit, the consultation recommended the organization of a workshop. This workshop aims to:

1. Set the Scope
 - Define the parameters and objectives of the gender audit for Payyanur College.
2. Identify Key Areas
 - Determine specific focus areas within each department and institution-wide.
3. Tools of Data Collection
 - Explore and finalize the most effective tools for quantitative and qualitative data collection.
4. Modalities of the Study
 - Discuss the practical aspects of conducting the audit, including timelines and responsibilities.

Next Steps

The second consultation marks a crucial step in the preparation for a comprehensive gender audit. The proposed workshop will serve as a platform for collaborative planning and will set the foundation for a detailed assessment. The methodology developed will ensure alignment with UGC directives, fostering a gender-inclusive and supportive educational environment at Payyanur College.

This consultation marks the commitment of both institutions towards gender equity and inclusiveness, in line with national and regulatory expectations. The baseline data gathered are attached as annexures with this report.
